I have not yet asked for one. I think the question I will ask is .. What interaction has EPA Region III had with Local officials to encourage sustainable growth? Ok?

Based on yesterday's discussion with Shawn, have you asked anyone to write an issue paper on this? If we can't get one today, I'll let Christina know that we will send one early next week. That should be OK since T&I still has not scheduled its budget hearing.

Have a safe and fun-filled trip!
